

SEVERN
RIVERS TRUST

DELIVER REAL IMPACT FOR RIVERS.

Become part of an ambitious team delivering
real impact across the River Severn and its tributaries.

SENIOR CATCHMENT RESTORATION OFFICER:

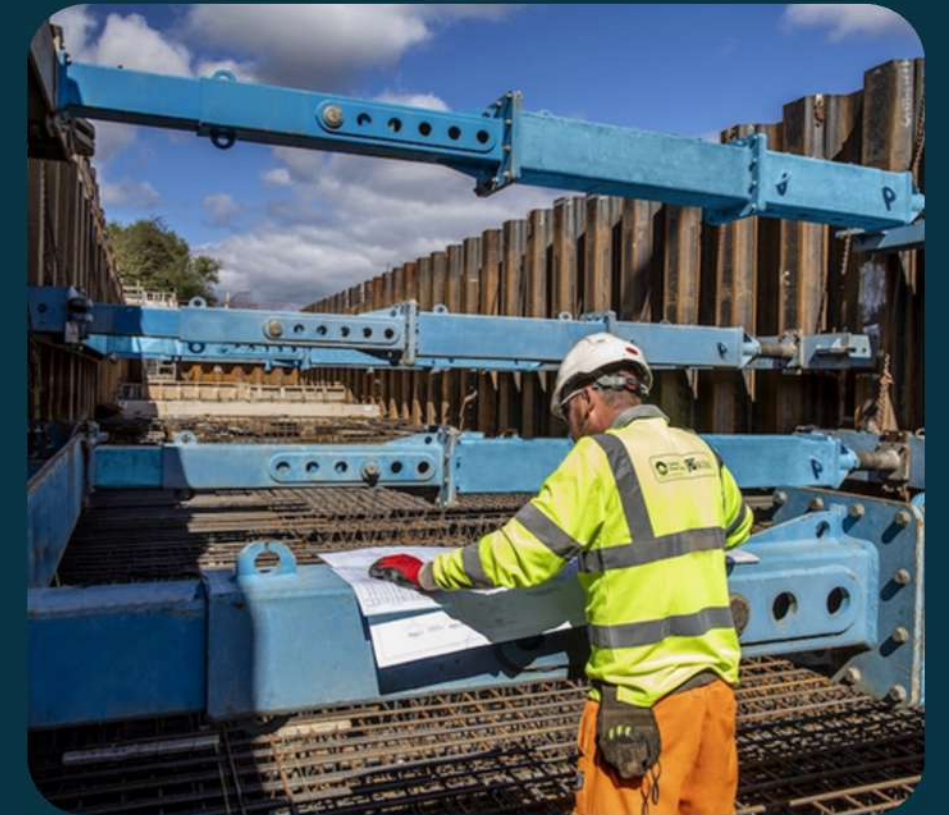

UPPER TEME >

OUR TEAM & AMBITION

WHO ARE WE?

At Severn Rivers Trust, we have a passion for what we do and a desire to deliver more, faster and with less interruption.

We are an action-based charity working across the River Severn and its tributaries, delivering practical restoration projects that improve river health, restore habitats and support communities.

THE 2030 PROJECT

The 2030 Project is our long-term plan to accelerate practical river restoration across the Severn catchment and double our annual impact by 2030.

Recovering our rivers is too slow. We want to deliver more, faster and with fewer interruptions.

THE OPPORTUNITY

We're looking for a Senior Catchment Restoration Officer to lead programmes of work across the Upper Teme catchment, spanning habitat creation, species recovery and farm advice.

This is a strategic and hands-on role managing practical delivery, partnerships and large-scale restoration programmes across one of the UK's most important freshwater landscapes.

The role will be varied, fast-paced, impactful and never boring!

£ SALARY
£34,500–£37,500

TYPE
Permanent, full-time with hybrid and field-based working.

A FLAVOUR OF WHAT YOU WILL WORK ON:

Habitat creation

Fish passage solutions

Woodland creation

Natural Flood Management

Species Recovery

Farm advice

ROLE PURPOSE

END-TO-END PROJECT MANAGEMENT

Managing allocated projects from planning through to delivery, including resource management, budget oversight and project reporting.

PROJECT DELIVERY

Supporting day-to-day delivery on the ground through landowner engagement, scheme design and practical contractor management.

PROJECT DEVELOPMENT

Working alongside the Programme Manager to help develop new landscape-scale projects, strengthen partnerships and secure future funding.

WHAT WE'RE LOOKING FOR

Interested in working for us? Read a little bit more about what we're looking for from the right candidate.

Project Leadership

Experience managing environmental projects, partnerships and contractors.

Practical Restoration Experience

Knowledge of habitat restoration, freshwater environments or land management.

People Skills

Confident working with landowners, stakeholders and partner organisations.

Self Driven Approach

Organised, adaptable and motivated to deliver high-quality work.

OUR OFFER

We want our team to feel supported, trusted and equipped to deliver meaningful, high-impact work restoring the River Severn and its tributaries.

- ✓ 28 days of annual leave plus bank holidays, with additional leave after two years' service.
- ✓ Competitive employer pension contribution of 9% and a generous home working package.
- ✓ Generous home-working package, including mileage reimbursement from your door, plus a monthly allowance.
- ✓ An unrivalled programme of team engagement days within a supportive and ambitious team culture.

APPLY NOW

We're looking for passionate, practical people who want to help restore and protect the River Severn and its tributaries.

To apply, please send:

- Your CV (max 2 pages)
- An optional cover letter outlining your experience and interest in the role.

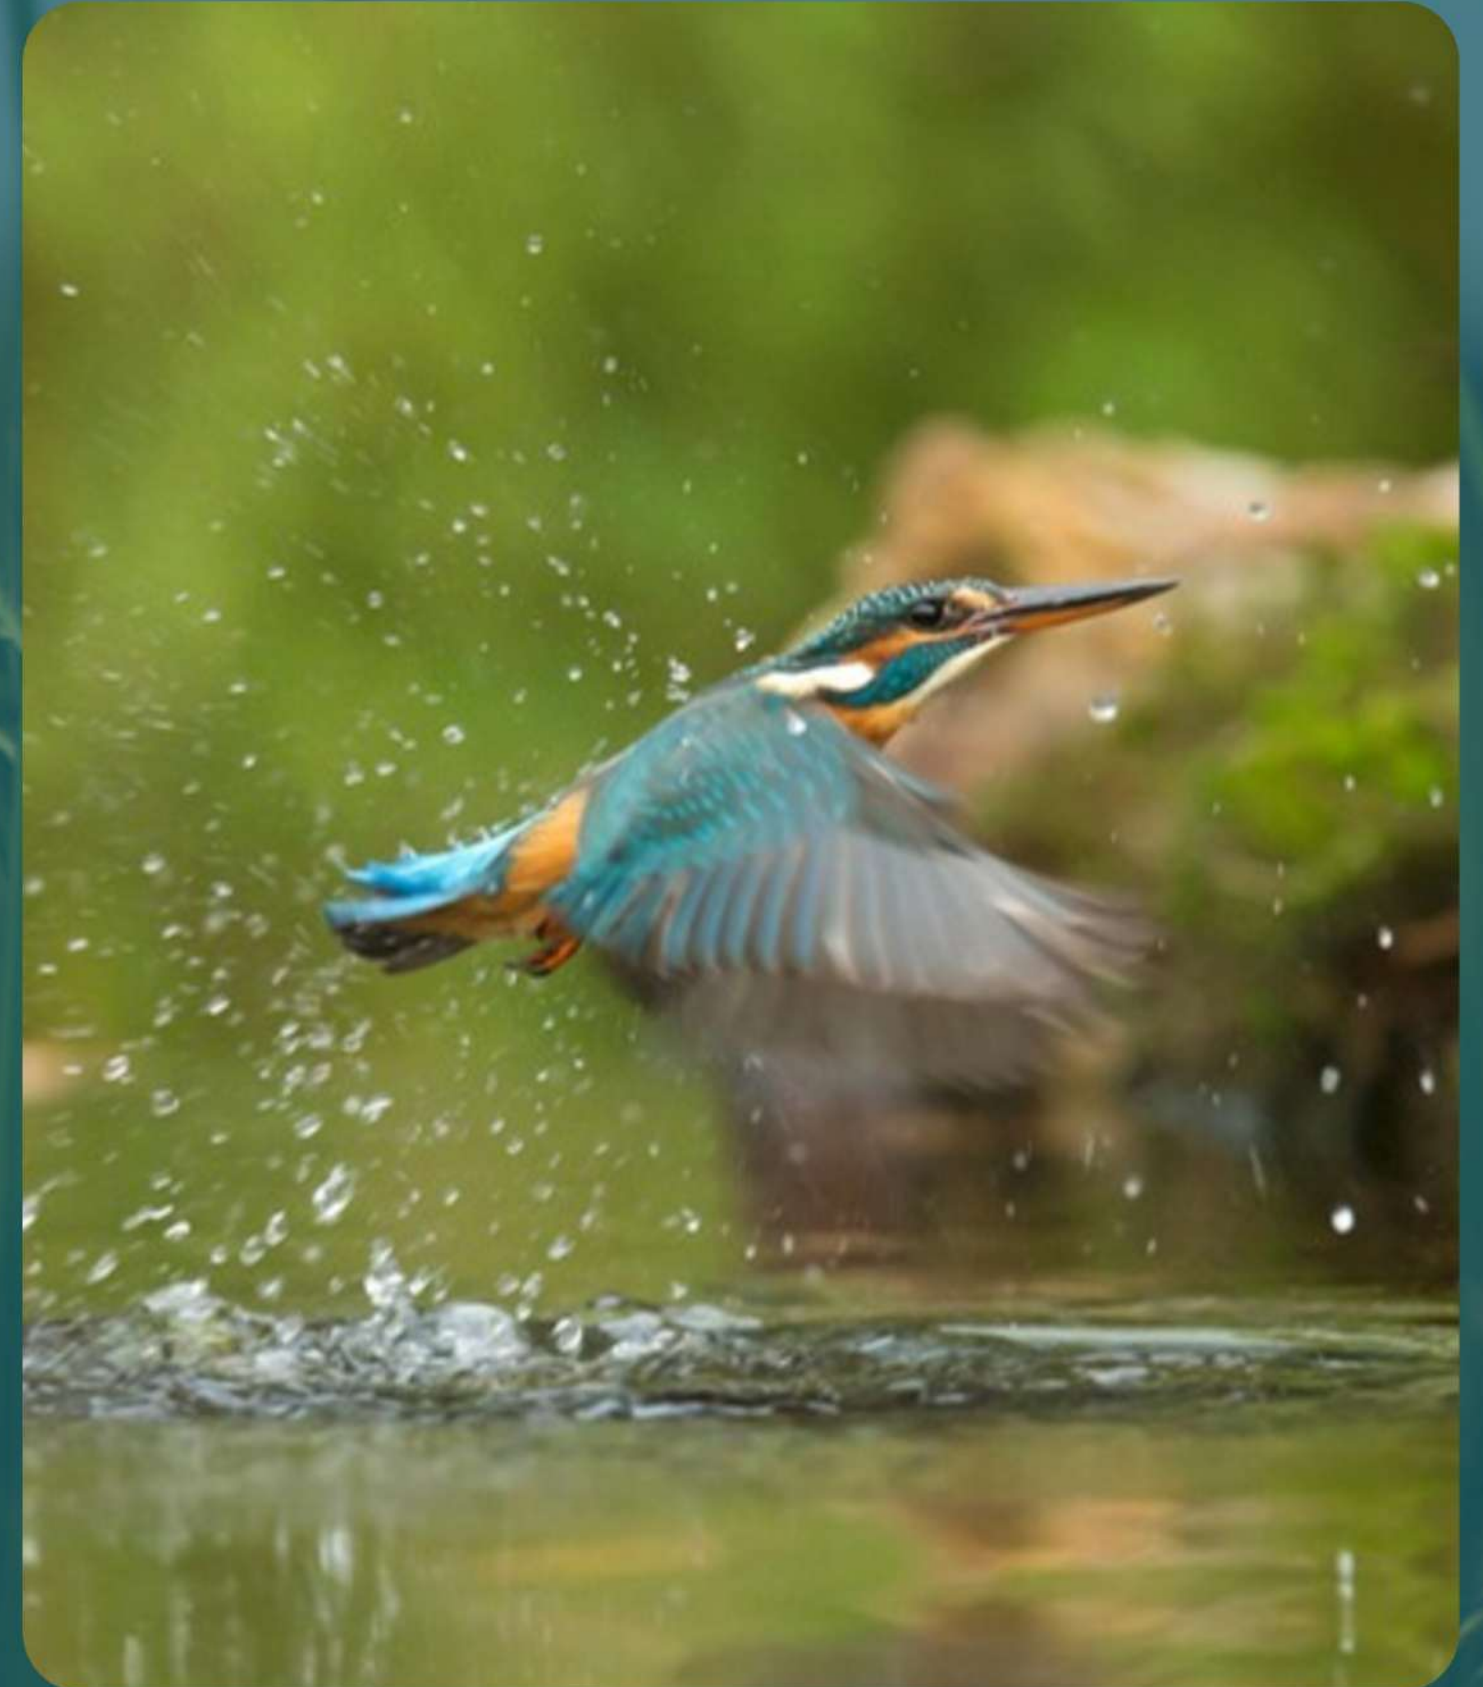

Deadline: Midnight 31st May 2026

Interviews: 10th June 2026
